First practice on your [Forex Demo](#) Account and only trade live once you have tripled it twice in a row! He'll pay you \$100, if you don't make money...I just wanted to forward you this personal message from Tim Donovan.

---Tim's personal message:

I'll pay you \$100, if you don't make money...That's how I'm confident that Forex Cash Siphon will make you money. I received over 400 emails asking about my forex course yesterday. So I've just updated FAQs, testimonials and trade examples on my website in the case you are not clear of anything: Just listen to what other traders have to say about FCS: Ray said:

"Hello Tim,

I just have to come back again to leave another comment. After battling the forex industry for the last three years, buying every E.A. off the street from Clickbank, only to be lead to system of false promises. This system- Forex Cash Siphon is very simple and reliable. I don't know what it is about this system ,but I just bank another 294 pips this morning. Nice to know there are some nice people in the world willing to share some of the meat and potatoes of the forex system. Thanks again Tim!!"

"I own over \$4,000 worth of trading books and software. I have traveled to many forex seminars and spent thousands. I have traded for over 11 years. Commodities futures, gold, oil, stocks you named it. I have attended Stock Trading Academy in NY. I have attended by self-claimed forex millionaires. But I never expected that the ONLY thing I needed was Forex Cash Siphon. It's manual, it's comfortable, it's repeatable, it never lies. I am making trades that blow my mind. It's like "snagging" candy from a baby." (This guy is happy to stand by his testimonial and his email is ritoban.krishnan@gmail.com . You can email him if you have question)

Ok, I don't know why you still delay your \$4k profits. So I'll throw in another no brainer guarantee: I'll pay you \$100 if you don't make money with my forex course. Seriously, there's no way you can lose with this... so jump on now: Update: 155 discounted copies are left at 127\$. And if you are like Mike, you won't hesitate to invest in that money to make MUCH more:

"This trading strategy is well worth the money. I bought it yesterday and I was able to make the money back and then some (\$255.00) that night. I would recommend this strategy. I like the Forex Trend Siphon system the best. Perhaps it's the best but simplest system in the course. I made 95 pips with just the pair EURUSD last night"

To your endless forex income,  
Tim Donovan
